It is happening around us

In a society where young people have limited "power" and often feel incapable of doing great things, we find clarity in the mist, a place that allows us to experiment, raise our voices, and dedicate our time and hearts to great things and opportunities.

In the ASM environment justice program, we find ourselves and have decided to create this "magazine" to express our ideas and solutions to problems in our community. Many times, small and continuous changes lead to big results. So we ask the reader to put their heart into these pages and seek inspiration in making small but big changes in their community.

Está pasando a nuestro alrededor

En una sociedad en donde los jóvenes tienen un "poder" limitado, y nos sentimos muchas veces incapaces de hacer grandes cosas. Encontramos claridad en la neblina, un lugar que nos permite experimentar, alzar nuestra voz y dedicar nuestro tiempo y corazón a grandes cosas y oportunidades. En el programa de justicia medioambiental, nos encontramos y hemos decidido hacer este "magazine" para expresar nuestras ideas y soluciones sobre problemas en nuestra comunidad, por qué muchas veces los pequeños y continuos cambios llevan a grandes resultados. Por eso le pedimos al lector que ponga su corazón en estas páginas y que busque inspiración en hacer pequeños pero grandes cambios en su comunidad.
